# bubbles

It's fizzy and fun and educational, too.

It's **bubbles**, a dynamic summer enrichment program in visual arts, movement and creative drama, designed specifically for children ages 5-6.

This active and child-centered program affirms the artistic expression of young children and promotes their individual development through quality arts education.

The program meets twice a week for three weeks. Each day, participants enjoy two 40-minute sessions—one in art, one in movement and creative drama—and come together for a 10-minute gathering before they go home.

**bubbles** concludes with an open studio sharing of participants' work for family and friends.

This is not a school sponsored activity and the Madison Metropolitan School District does not approve, support, supervise or endorse this program/activity.

Esta no es una actividad patrocinada por la escuela y el Distrito Escolar Metropolitano de Madison no aprueba, respalda, o supervisa este programa o actividad.
